Differentiated Strategy Creating

Meaningful Value

Focus on Growth Markets

- Target assets with high NOI growth potential
- Create value through re-tenanting, repositioning, and value-add renovations
- Growth through active property management
- High barriers to entry; minimal new development; less institutional competition

JV-Centric Strategy

- JV structure leverages local expertise of joint venture partner network
- Superior flexibility to grow or exit markets versus vertically-integrated REITs

Proven Access to Investment Opportunities

- Significant access to buying opportunities from strong JV partner network
- Broad network of third party management companies and partner relationships
- Flexible acquisition and funding profile; focus on one-off opportunities where major institutional buyers are not active
- BRT's niche is the less competitive, higher returning properties worth up to \$100 million

Joint Venture Strategy

Creating Value through Strong Operating Partnerships

Strong Deal Flow

- Receive numerous opportunities from both existing partners and potential partners through a strong network built from the successful lending platform and equity partnerships in the past
- Have never advertised publicly but continue to see strong deal flow

Flexibility

- Ability to enter and exit markets through a strong network
- High “hit-rate” and efficiencies on deals as we only review deals when under contract
- Have the ability to choose best-in-class third party management companies where the partners do not have a vertically integrated platform

Value-Creation through Local Partners

- Local operators with expertise in specific markets provide value-added opportunities through extensive market knowledge
- Able to get “off-market” deals through the partners’ relationships with local brokers and owners

Acquisition Approach and Strategy

Harnessing Partner Network to Facilitate Capital Deployment

ACTIVE CAPITAL PARTNER

Actively involved in operations and asset management

Strong local partner expertise accelerates site selection and enhances diligence process

CONSERVATIVE UNDERWRITING

Working with partner maximizes ability to hone in on best locations for investment
